

Please keep K-LOVE on the air (96.9, 104.3, 102.3 in Dayton/Cincy area). It is one of the few radio stations we can all listen to as a family - very positive and encouraging which is almost unheard of in this day and age. My kids (ages 9 and 11) and I enjoy listening to it while we drive to and from school every morning. We are monthly supporters of K-LOVE. There are many people who benefit from this wonderful radio station, some of whom are people who otherwise would not attend church and those who desperately need help. They can call K-LOVE 24/7 and someone will talk to them. I can't tell you how many times a song has come on the air that I felt God played for me personally. God is using K-LOVE in a wonderful way. We have waited SO LONG for a station like this in the Dayton/Cincinnati area. Please don't replace our K-LOVE signal with LPFM.
